Fujitsu Training Academy Online (FTA-Online)

HOW TO GUIDE

FTAOnline_Manual
_SCC_Guide_V2.0_25

Although this is a new training portal, it is very intuitive and easy to follow once you familiarize yourself with navigating around FTA Online.

To get you started, please open the Full Guide to the Fujitsu Training Academy embedded above.

On the next page I have included ALL the links to the SALES & PRE SALES SELECT Expert courses that you will need to ensure you are a Certified Sales or Pre Sales Channel Partner.

Please keep in mind that all PRIMEFLEX Implementation Certification and Fujitsu Maintenance Certification are now both visible and available on the new Training Portal.

Due to the complete change from FiOLA to FTA, CoCre8 is happy to go work with you and plan a training path for you and your colleagues.

Select Expert

SELECT Expert is the advanced level of program membership. To become a SELECT Expert, SELECT Registered partners are required to increase their level of specialization by achieving certification. The available Expert specializations are designed to be customer centric: they provide channel partners with the appropriate knowledge, resources and tools to be able to consult their customers on specific IT challenges.

When your organization becomes a SELECT Expert can gain access to even more resources and benefits, and will have greater visibility with the partner community. You will also have the opportunity to progress further, to SELECT Circle status.

To view the status of your Company Certifications please use the following link:
[Home - 認定 Nintei - Fujitsu Certifications Portal](#)

You may see below the SELECT Expert specializations and the training requirements for each one of them.
